MODEL LA-NVR-30	SCHOOL GRADE VOLLEYBALL NET, 30' x 3' (5 LBS)
MODEL LA-NVR-32	SCHOOL GRADE VOLLEYBALL NET, 32' x 3' (6 LBS)

INSTALLATION INSTRUCTIONS:

Determine style of volleyball posts and mounting configuration.

If volleyball posts are equipped with eyes (fixed or adjustable) and rope clamps (top and bottom) See Detail A. Secure one end of the net to the eye by means of a knot, and pass other end through the rope clamp. Adjust net so that it is centered to the court with net tie-offs. Adjust net tension by means of the rope clamp.

If volleyball posts are equipped with eyes (fixed or adjustable), side pulley and net tightener. See Detail B. Secure one end of the net to the eye by means of a knot or cable clamp (not supplied), and pass the other end through the side pulley and secure to the net tightener. Pass the lower rope through the rope clamp. Adjust net so that it is centered to the court with net tie-offs. Adjust net tension by means of the net tightener and rope clamp.

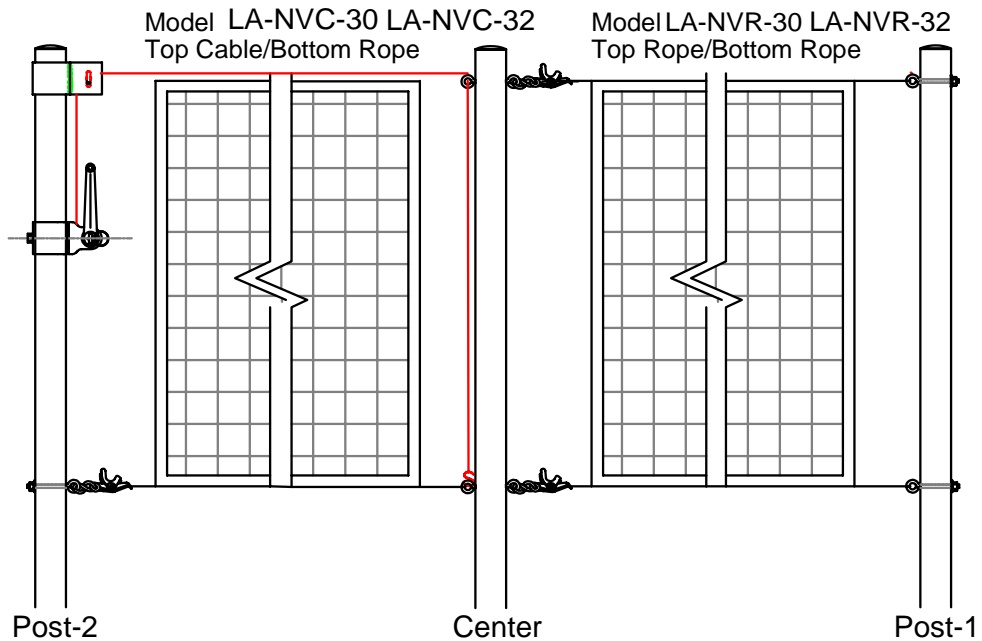

Detail C is an example of net mounting on a center post for use on side-by-side courts.
