SPECIFICATION / INSTALLATION INSTRUCTIONS

MODEL NO.

LA-TP3-2ZT

Installation Instructions:

- 1) Dig footings for poles according to diagram on page 1 42 feet apart center to center.
- 2) Ensure proper height of poles. Plumb and square post, pour concrete and let concrete cure for 3 days before attaching net and putting into service.
- 3) Use the Stainless Steel net guide to bolt the top cable end loop to one pole. Run line over the top pulleys and use the other loop to connect it to the net tightener. Tension the net till the center of the net is 36 inches above the court.
- 4) Use the supplied rope to secure the net to the post by wrapping it through the eyelets and around the post.
