MODEL LA-SGN-E,LA-SGN-A824,LA-SGN-A721,LA-SGN-A618,LA-SGN-A612 SOCCER NETS
MODEL LA-NS-20 LA-VT-24 NET TIES AND STAKES

Model LA-SGN-E Standard-Grade Soccer Net

Made of polyethylene, orange in color with 4" mesh. Meets World Cup and FIFA requirements. 8'H x 24'W x 4' Top and 10' Depth

Model LA-SGN-A824 Premium-Grade Soccer Net

Manufactured using #27 treated nylon netting and 4" mesh. Edges and seams have a heavy, black, polypropylene rope laced in them. 8'H x 24'W x 4' Top and Bottom. Depth 10'. Exceeds all World Cup and FIFA requirements.

Model LA-SGN-A721 Standard-Grade Soccer Net

Same requirements as above standard net only 7'H x 21'W x 4' Top and 10' Depth.

Model LA-SGN-A618,Standard-Grade Soccer Net

Same requirements as above standard net only 6.5'H x 18'W x 4' Top and 10' Depth.

Model LA-SGN-A612 Standard-Grade Soccer Net

Same requirements as above standard net only 6.5'H x 12'W x 4' Top and 10' Depth.
 Note: Both the premium and standard soccer nets are to be draped over the goal and net supports. Use rope to secure. Weave rope through netting and around goal at several points. Rope not furnished. The use of net ties (sold separately) is also an option.

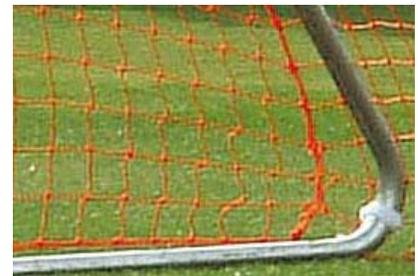

Model LA-VT-24 Net Ties

2' long straps made of nylon, with hook and loop closure. Drape net over soccer goal and use straps about every three feet to hold in place (12 per goal).

Model LA-NS-20 16 Steel Net Stakes

1/4" steel rod formed in a loop with pointed ends to ease the installation. Twist or push stakes in ground and hook netting (8 per goal).

Recommended Soccer Net installation:

(Soccer nets are designed to fit tight around the back-outside of the net supports)

1. Stretch the top of the net along the front-top horizontal crossbar and down both front vertical post and secure with Velcro ties LA-VT-24
2. Pull and stretch the net along the outside of the net supports. For portable net supports use the Velcro ties to secure the net to the bottom of the net supports. For permanent net supports, use our steel net stakes LA-NS-20 to anchor the bottom of the net to the ground.
3. Use the Velcro ties to secure the bottom of the net to the bottom horizontal spreader pipe on portable models, or use the steel net stakes on the permanent models.
